Four CVC researchers among the 2021 Top-70 Computer Scientists in Spain

“Guide 2 Research” recently published its latest classification of the world’s most influential scientists in the field of Computer Science and Electronics, which includes all leading computer researcher worldwide with h-index > 40. In Spain, 110 scientists meet this requirement, being four of them researchers affiliated to the [#CVC](#).

This ranking is based on h-index, citations and number of DBLP documents gathered by May 10th 2021.

Congratulations to:

- * Dr. [Joost van de Weijer](#), Principal Investigator at CVC
- * Dr. [Petia Radeva](#), Principal Investigator at CVC and the Universitat de Barcelona (UB)
- * Dr. [Sergio Escalera](#), Principal Investigator at CVC and [ICREA - Institució Catalana de Recerca i Estudis Avançats](#) Academia Professor at the UB
- * Dr. [Antonio M. López](#), Principal Investigator at CVC and ICREA Academia Professor at the Universitat Autònoma de Barcelona (UAB)
